

ABSOLUTELY PURE

WICHITA, Kan., Aug. 29th, 1893.
Recently there appeared in the papers of his state and Missouri an article purporting to eminate from certain of the officers of this state, relative to the bond invest-feent companies existing in this and other states. What special influence was brought to bear on the great secretary of state of Kansas which prompted the issuance of this circular, we of course can saily surmise, but it seems to us but fair. York has paid out in death claims was at a cost of less than \$50 to each decreased member for each \$1,000 received by their families and the average duration of its spolicies was less than four years. So the Matual Life Insurance company of New York has paid out on death claims \$13,000. 600 at a cost to the company of less than \$12 per annum on each \$1,000 in force, being \$2 more per annum for each \$1,000 than said life insurance company charges, and notwithstanding this, it has paid out in death claims was at a cost of less than \$50 to each decreased member for each \$1,000 received by their families and the average duration of its policies was less than four years. So the Matual Life Insurance company of less than \$12,000. 600 at a cost of the company of less than \$12,000 received by their families and the average duration of its policies was less than four years. So the Matual Life Insurance company of less than \$12,000 received by their families and the average duration of its policies was less than four years. So the Matual Life Insurance company of less than \$12,000 received by their families and the average duration of its policies was less than four years. So the Matual Life Insurance company of less than \$12,000 received by their families and the average duration of its policies was less than four years. So the Matual Life Insurance company of less than \$12,000 received by their families and the average duration of its policies was less than \$12,000 received by their families and the average duration of its policies was less than \$1000 received by their families and t

can this company not pay the same at the lits true that this circular before referred to is purported to have been sent by others than the secretary of state, but we feel that it is equally true that it emanated from and was inspired by him, and seeks to cause the people to believe that this company was created by some other former administration, and not by his own act.

In this company not pay the same at the same of the source to its bondholders? we would ask the honorable secretary of state. In this connection we desire to call attention to the further fact that not only is the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected by a bond given by they don't be desired to its bondholder and the further fact that not only is the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected to the reserve fund of \$25,000, for the safe the bondholder can get his more at the same at the same out of its bondholders? We would ask the honorable secretary of state. In this connection we desire to call attention to the further fact that not only is the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected that the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected that the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected trusted to the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected trusted to the principal carried out by our contract as good as that of the life insurance companies, but our bondholders are protected to the principal carried out by our contract as good as that of the principal carried out by our contract as good as that of the life insurance companies to the principal carried out by our contract as

us, nor in the contract entered into as us, nor in the contract entered into as shown by the terms of the bond issued by us, which is not based upon true business principles. By reference to the bond it will be seen that by its terms any one may become a bond holder in this company, by paying ten dellars for a bond and monthly installments of \$1.50 each therefiter until said bond shall have been redeemed or until the expiration of five years, when, if the bondholder desires, he may withdraw from the reserve fund cremay withdraw from the reserve fund created for that purpose his interest therein, which we are able and ready to demonstrate will amount to at least the total amount of money paid in by him from the beginning to the expiration of the five years. Of the \$1.50 monthly dues, \$1.00 is paid into the redeemed in its order just as load may be redeemed in its order just as fast as the sum of \$1,000 shall have been done down here where the head quarters of the company are located, so that statement is equally as false as others made by the honorable secretary of state.

Again assuring the public that the Safe Investment company of Wichita, Kansas, and the most of the work had been done down here where the head quarters of the company are located, so that statement is equally as false as others made by the honorable secretary of state.

Again assuring the public that the Safe Investments are invited to give a most careful and critical examination into the fast as the sum of \$1.000 shall have overly paid into the fund; twenty-five cents of the \$1.50 is paid into the reserve fund so that of every \$1.50 monthly dues there is paid into the reserve fund of this company twenty-five cents for the protection of all those who pay their installments of dues for five years from the purchase of their bond, and whose bond shall not have been redeemed provided they elect to draw therefrom the amount to which they are entitled by the terms of their contract.

Ve make no pretensions to give some-thing for nothing, nor is the plan adopted and carried out by this company in any particular a lottery. It is true that this is no life insurance company, but as a life insurance company, by the payment of one yearly premium of \$10 or m-re the extate of the holder of the policy of life in-surance may upon his death receive the arum of \$1,000; so in the transaction of the business of this company the holder of the terms of their contract. business of this company the holder of the bond may receive the sum of \$1,000 long before he has paid into the company the sum of \$1,000. No one is defrauded thereby, and no well settled and recognized principle of business is violated, for it is exactly the application of the same principle that is applied in life insurance business. It is no lottery in any way, because the contract provides that the bonds shall be paid as follows, to wit: The first bond paid shall be No. 3; the third bond paid shall be No. 2; the fourth bond paid shall be No. 5; the second bond paid shall be No. 2; the fourth bond paid shall be No. 5; the second bond paid shall

be No. 6, and so on reverting back to the first issued untorfeited, unpaid bond, and alternating with the multiple of three, un-tai all the bonds are paid and this bond, if uniorfeited, is due and payable immediately atter there are sufficient funds in said ly after there are sunction than in said redemption fund to pay it, all subsisting and uncancelled bombs issued prior to this baving been paid according to the above piteroate table of payments, and every man who purchases a bond in this company is informed at the time of the order in which the same will be paid.

So we can reiterate that all the statements made in the circular issued as afore-

said, so far as they are intended to apply said, so far as they are intended to apply to this company or reflect upon the business transacted by it, were absolutely false, and if the secretary of state knows mything about it, he knew at the time-said circular was issued that they were false and that he was attempting to do an injustice to the stockholders of this company by virtue of the authority of his office which he seems to use rather to destroy than to build up the business interests of the state.

In conclusion, we desire simply to say

in conclusion, we desire simply to say that we are ready to meet any litigation that the proper authorities may see fit to bring against us and until such litigation has been commenced and successfully serminated against this company we get simply that our company we get simply that our company we get simply that our company we get in the same manner that other companies in other business be judged in the same of \$120 as a guarantee to the board that the contract will be fulfilled in case the bid should be accepted.

Each bid must be accompanied by a certified check payable to the board of education in the sum of \$120 as a guarantee to the board that the contract will be fulfilled check payable to the board of education in the sum of \$120 as a guarantee to the board that the contract will be fulfilled check payable to the board of education in the sum of \$120 as a guarantee to the board that the contract will be fulfilled check payable to the board of education in the sum of \$120 as a guarantee to the board that the contract will be fulfilled in case the bid should be accepted.

Each bid must be accompanied by a certified check payable to the board that the contract will be fulfilled in case the bid should be accepted.

Each bid must be segment of \$120 as a guarantee to the board that the contract will be fulfilled in case the bid should be accepted.

Each bid must be accompanied to the board that the contract will be fulfilled in case the bid should be accepted.

Each bid must designate the kind and quality of coal and slack. All coal and should be accepted.

Each bid must be segment of the board that the contract will be fulfilled in case the bid should be accepted.

Each bid must be accempanied to the board that the contract will be fulfilled in case the bid should be accepted. who are interested therein to investigate the same and learn for themselves whether or not the statements made in this connection are not true. We are glad to be able to say, notwithstanding the scurrilous and unwarranted attack upon this company and toe business of this company, which is the creature of the special et of the honorable secretary of state. act of the honorable secretary of state bimself, that it is growing better every ray, and no fear need be entertained by any investor or prospective investor there-in by reason of anything that may hav-been said against it by the state officials or anyone else

been said against to go or anyone else.

Among other things, the circular above referred to contains the following: "Life is based on scientific tables of insurance is based on scientific tables of mortality while in the bond investment companies you 'pay your money take your chance,' and your chances are usually to hold the sack. In other words, it is intery in its worst form, as these companies nave no backing and are usuall by men who have but little financial responsibility

In answer to the foregoing we desire In answer to the foregoing we desire a simply to say that while the husiness carried on by this company is not a life insurance business, yet it is just as business. If the and no more offers something for nothing than does life insurance. Life insurance, which the honorable screenary of state seems to champion, accomplishes in the workings the same results, comparastate seems to champion, accomplishes in its workings the same results, comparatively, as does this company for its bondsolders. In the sworm reports of the insurance commission of the state of New York for the past twelve years, we find the Mutual Reserve Fund Life insurance in its business on an average of less than 16 per annum for each \$1,000 insurance in force. While the bondholder in this combany pays at the rate of \$1 per annum for 83dtf

in answer thereto, lest some who are not nequainted with the method of business as conducted by us, may be misled and our interests and the interests of the stockholders of this company suffer thereby.

In the first piace, it seems strange that the secretary of state, after having chartered The Sate Investment Company of Wighita, Kansas, and pocketed the fees therefor without a murmur and without complaint, should suddenly become so creatly interested in the welfare of the

complaint, should suddenly become so greatly interested in the welfare of the people of this state that he seeks to strike a death blow at this company which is the direct creature of his own acts. He knows that the bonds issued by it are plain and business-like and without deception, and that the business carried on by it is as bonorable as the business of any other corporation in the state of Kansas, and than \$100.00 per annum of creach \$1,000.00 insurance, and at less than \$100.00 per annum on each \$1,000.00 received in the aggregate by the insured, can this company not pay the same at the same at the state of the perpetrated by anybody.

In the next place we challenge the only cers of the state, as well as any man, no matter what his position in life may be, to show wherein we are not conducting a tair, borest and legitimate business, and one which is as worthy of the confidence of the people as any life insurance company, or any other company which seeks to protest similar provisions, that will at the expiration of the literature issued by draw, and pay over to him the amount he

draw, and pay over to him the amount he has aiready paid in.

Further, this same circular states that the managers of these companies do not undertake to do business in the localities in which they are organized but that Kansas, companies operate in Michigan, Texas, etc. In answer to that we desire to say that the business of The Safe Investment company of Wichits, Kansas, has been principally transacted in and about Wichita, Kansas, and the most of the work had been done down here where the head-

reconsideration of all who desire safe investments are invited to give a most careful and critical examination into the methods of business adopted by this company as set forth in its bonds and as exemplified in the daily transaction of its home office. Very respectfully,

J. H. Shepard, President,

Safe Investment Co., Wichita, Kan.

IT'S WICHITA'S OFFSPRING

And Therefore Bound to be a Great Big Success.

A Body of Wichita Boomers Who Have Se cured a Townsite in the Cheroke Strip and are Going to Make Things Hum in Wichita Style.

The Cherokee Co-operative Townsite company is the title of an organization formed here within the past few days, which will bring riches to those fortunate enough to get in on the ground floor, and that is where all stockholders will be, for the projectors and managers of the enterprise are shrewd business men and the rules of the corporation are such that all shareholders, whether officers or directors or only plain, every day members, will be treated exactly alike and all will have a good seat at the pie counter.

The Cherokee Co operative Townsite company is a corporation organized under

treated exactly alike and all will have a good seat at the pie counter.

The Cherokee Co operative Townsite company is a corporation organized under the laws of the state of Kansas, with its principal offices at Wichita. The capital stock is \$5,000, divided into 1,000 shares of \$5 each, and no person will be permitted to nold more than four shares, so that it will be impossible for any clique to gain control of the company to the detriment of the general body of stockholders.

The proposed townsite will consist of 160 acres of land situated in a favored spot on the Rock Island railroad, and this child of Wichita will probably be named after the road on which it is to be built; and it is safe to say that its wealthy godfather will lend all its energies to the upbuilding of this namesake. This quarter section will be divided into 1280 lots, of which 1,000 will be divided by lot among the 1,000 stockholders of the company. These lots will be drawn for, probably next Saturday, if the stock is all disposed of by then, as it is sure to be, and the humblest member of the corporation will have an equal show with the president to secure the corner of Main street and Douglas avenue in the new city. The officers and directors of the company, whose names are a surety of integrity, guarantee a perfect title and free deed to all stockholders who have paid for their \$5 share, so that intending investors will know exactly what the expense of membership will be taken up with street, etc.

Offices have been opened at 126 North Main street, and stock books will be open for subscriptions on Monday morning, when J. P. Wilcox, secretary of the company, will be ready to enter all names of members. Any prospective investors desiring further knowledge on this subject will find a member of the company in the office, ready at all times to give all the information at his command, but briefly stated, it may be said that the objects of the corporation are mutual assistance and substantial aid to each and all of its members, and a desire to the corporation are mutual assistance and substantial aid to each and all of its mem-bers, and a desire to get together a suffic-ient number of old neighbors and workers to build up another Wichita in the new

Country.

The directors of the company are nine in number, all residents of Wichita, and their names, given below, guarantee investors all that is promised: M. W. Levy, president Wichita National bank; I. N. Singer, furniture dealer; G. W. Noyes, real estate; Charles Weil, Wichita Wholesale Produce and Cold Storage Co.; J. P. Wilcox, jeweler; W. S. Rogers, photographer and art goods; W. E. Reeves, dealer in cigars and tobacco; Chas. E. Mahaney, coal dealer; H. L. Gordon, lawyer and Hon. Ed. O'Bryan, state senator.

senator.

The officers are: Chas. Weil, president; W. S. Rogers, vice-president; M. W. Levy, treasurer; J. P. Wilcox, secretary; W. E. Reeves, assistant secretary; I. N. Singer, director; G. W. Noyes, stock solicitor; Chas. E. Mahaney, assistant stock solicitor; O'Bryan & Gordon, attorneys.

We Spenk What We Know.

From the Cookville, Texas, Banner. My wife and four children were taken very suddenly with severe cases of cholera morbus. I bought a bottle of Chamber-lain's Colic, Cholera and Diarrhoa Remedy, and from one to two doses gave relief of the doses. I heartily recommend it, be-lieving it the best remedy known for bowel complaints. 25 and 50 cent bottles for sale by Hettinger Bros. 216 E. Douglas and Van Werden's Pharmacy, 328 North Main.

New Train Service on the Santa Fe, Wichita to

Wichita, Kan., Aug. 24, 1893. The Santa Fe route are now running in their morning train leaving Wichita at 11:10 a vestibuled chair car through to Chicago without change, seats in which are free. Also a Pullman palace sleeping car, through to Chicago. The present round-trip rate, \$20.65, which we quote, is not as low a rate as the Santa Fe have advocated, but the public will bear in mind vocated, but the public will bear in mind that it was through the insistance of the Santa Fe management that this reduced rate was made. In patronizing the Santa Fe you favor the line that is responsible for this reduction in the rate. You also favor yourself for the reason that it is the oldest road, rock ballasted and free from the dust so annoying to travelers in the dry season. You also save one-half a day at home, as the train leaves about noon time every day in the week.

time every day in the week.

MONEY TALKS.

I have too many goods and not enough money. . will sell Pianos Organs and Bicycles for less than factory cost for cash. I have a large importation of goods arriving from Europe and need money I will sacrifice all profit for a short time. New Pianos will sell for \$175 and upwards; Organs \$15 up. Bicycles at your own price to close them out. I am selling lots of goods. These prices will only last until I got cash enough to meet my demands If you are going to buy the next twelve months don't miss this opportunity. My goods are nearly

all the highest grade known. THOMAS SHAW, 129 N. Main Street.
